CHRISTOPHER A DIAZ

FULL STACK ENGINEER

www.linkedin.com/in/christopher-diaz-tokyo Tokyo, Japan

PROJECTS

Reacquaint

- A.I. bidding app that calculates project matches based on client history
- · Utilizes Pundit, Stimulus, OpenAI and APIs for an elegant and efficient user-experience

Restaurant App

- Build a full-stack restaurant review app, featuring user Authentication, Authorization (Devise & Pundit), and role-based access for users, owners, and admins.
- Integrated Cloudinary for image uploads and Mapbox/Geocoder for interactive maps and gecoded restaurant location.
- Designed and implemented responsive, user-friendly interfaces and profile pages, enabling users to manage restaurants, write reviews, and view personalized content.

CAFE API

 Built a responsive React app to list and search developer-friendly cafés in Tokyo, integrating with a custom Rails API for real-time data.

EDUCATION

Web Development Bootcamp

01/2025 - 04/2025

Le Wagon

Tokyo, Japan

- 9-Week full-time program working on solo projects, leading app development, culminating in a project pitch at the Tokyo Google facilities
- Studied and implemented HTML, CSS, Bootstrap, JavaScript, SQL, Git, GitHub, Heroku, Ruby on Rails, A.I., and more
- One of the top of the class with a solo restaurant & film-list project, lead developer on a marketplace app for health enthusiasts, and a project bidding application for companies

B.A. in Cybersecurity

01/2018 - 04/2022

Miami Dade College

Miami, United States

 Curriculum: Network Security, Ethical Hacking, Digital Forensics, Cyber Defense, Risk Management, and more.

EXPERIENCES

IT Support Specialist

07/2021 - 01/2024

NTT DATA

Miami, FL

Responsible for providing telephone/email/ and remote diagnostic technical support of hardware, systems, sub-systems and/or applications for customers. Answer questions about installation, operation, configuration, customization, and usage of assigned products. Apply diagnostic techniques to identify problems, investigate causes and recommend solutions to correct failures. Document problems in the support solution database for diagnostics and solution implementation.

Technical Representative

01/2020 - 03/2020

Canon USA

Miami, FL

Identified, investigated and resolved user's problems with computer software and hardware. Fields support calls, chat, email, and/or other communication from users with inquiries regarding software programming, connectivity, printing, and similar concerns.

SUMMARY

Full-Stack Web Developer driven by curiosity, I enjoy combining creativity with logic to solve problems. After working for 2.5 years as an IT support specialist, I developed strong teamwork skills and became both user- and results-oriented. My experience in IT sparked my passion for coding. I recently completed Le Wagon's intensive web development Tokyo bootcamp, learning skills in Ruby and JavaScript, and I'm now seeking a full stack development role.

SKILLS

Ruby · Rails · React · HTML5 · CSS/SCSS ·

PostgreSQL · Git/GitHub · Heroku · A.i. ·

Tailwind · Figma · Cloudinary

LANGUAGES

ENGLISH Flient
